AI TEACHER TRAINING BOOK TWO

BY REHAN ALLAHWALA

PREFACE

Welcome to AI Teacher Training – Book Two, a guide designed to empower educators, students, and future-ready learners through hands-on, practical AI-powered tasks. In today’s world, teaching and learning are no longer confined to classrooms, textbooks, or traditional methods.

Instead, they thrive in a dynamic environment shaped by artificial intelligence, digital tools, and global collaboration.

This book is part of the Rehan AI Teachers Training Program – Level Two, aimed at those who are ready to go beyond basic concepts and step confidently into the future of education. Each chapter and task in this book is intentionally crafted using the What, Why, How model to promote independent thinking, creativity, technical skills, and confidence in using AI tools like ChatGPT, Gemini, Grok, Veo 3, and more.

Over 48 days, you will explore exciting activities such as creating cinematic AI videos, writing your own autobiography, conducting interviews with educators, coding your first web projects, and applying to real global conferences. The goal is simple: make every learner a creator, thinker, and future-ready leader.

Whether you're a student, teacher, or digital learner, this book invites you to learn by doing, lead by sharing, and grow by connecting.

Let’s build the future of education – one AI-powered task at a time.

TEDX TALK TASK

WHAT, WHY, HOW

■ What?

Watch an inspiring TEDx Talk and make a review video sharing what you learned and how it inspired you.

■ Why?

This task helps you:

- Learn from great speakers and thinkers.
- Improve your listening and speaking skills.
- Build confidence to express your thoughts.
- Create useful content for your social media profiles.

■ How?

1. Search a TEDx Talk.
2. Watch it carefully and take notes.
3. Think about:
 - What was the talk about?
 - What did you learn?
 - How did it make you feel?
4. Record a short review video (1–2 minutes):
 - Share the message of the talk.
 - Tell what inspired you.
5. Post your video on:
 - Facebook
 - YouTube
 - LinkedIn
 - Instagram
 - TikTok
6. Ask ChatGPT or Rehan Task Helper GPT to write a good caption.
7. Tag the speaker if possible and use helpful hashtags(#Rehanaiteacherstraining #TEDx #Inspiration).

INTERVIEW WITH A PRINCIPAL/TEACHER

WHAT, WHY, HOW

■ What?

Find a principal or teacher on LinkedIn, use ChatGPT or any AI tool to help you write a polite interview request, and then conduct the interview. Use Calendly to schedule the meeting.

■ Why?

This task helps you:

- Build professional networking skills using LinkedIn.
- Learn how to communicate with educators respectfully.
- Use AI tools to craft smart messages and questions.
- Learn from experienced principals/teachers.
- Create valuable content for your social media and portfolio.

■ How?

1. Search on LinkedIn for principals or teachers using keywords like: "Principal", "Educator", or "Teacher" + location or subject.
2. Use ChatGPT or another AI tool to write a short and respectful interview request message.
3. Send a connection request with your AI-generated message.
4. Wait for a reply. If they say yes, send your Calendly link to book a convenient interview time.
5. Ask ChatGPT to help you write 5–7 good interview questions.
6. Conduct and record the interview.
7. Post the interview video on:
 - LinkedIn
 - Facebook
 - YouTube
 - Instagram
 - TikTok
8. Ask ChatGPT or Rehan Task Helper GPT for a great caption.
9. Tag the speaker and thank them publicly in your post.

CODING TASKS

WHAT, WHY, HOW

■ What?

Build a basic news/blog website like Blogger or CNN using PHP.

Use Cursor to write your code, then connect to a server using FTP (with Net tools) and upload your website online.

■ Why?

This task helps you:

- Learn PHP web development with real structure
- Use Cursor AI to generate and fix PHP/HTML/CSS code
- Understand how to upload files to a live server using FTP
- Build a working online project for your portfolio
- Practice modern web deployment

■ How?

1. Plan your layout:
 - Homepage with latest news/posts
 - Individual article page (e.g., post.php?id=1)
 - Categories like Tech, Politics, Entertainment
2. Use Cursor to write PHP files:
 - index.php, post.php, header.php, footer.php
 - Connect to a local database (e.g., MySQL or SQLite)
 - Display articles using loops (foreach, while, etc.)
3. Style with CSS (can use Bootstrap via CDN for ease).
4. Test it locally using XAMPP or PHP's built-in server:
5. nginx
6. CopyEdit
7. `php -S localhost:8000`
8. Prepare your FTP connection:
 - Use net tools (e.g., ping, tracer) to confirm server access.
 - Use FileZilla or PHP's built-in FTP functions (`ftp_connect`, `ftp_put`) to upload:
9. php
10. CopyEdit
11. `$ftp = ftp_connect("yourserver.com");`
12. `ftp_login($ftp, "username", "password");`
13. `ftp_put($ftp, "public_html/index.php", "index.php", FTP_BINARY);`
14. Test your website live after uploading:
 - Go to `https://yourdomain.com/index.php`
15. Ask ChatGPT or Rehan Task Helper GPT to help generate code blocks, debug errors, or suggest layout fixes.

VIDEO VIA VEO 3

WHAT, WHY, HOW

■ What?

Create a cinematic AI video using Veo 3.

Use one of the topics given in the book and generate your video with the help of AI.

You can watch a tutorial to learn how to get free access to Veo 3.

📺 Watch this first:

[How to Use Google Veo 3 for FREE – AI Video Generator Tutorial](#)

■ Why?

This task helps you:

- Learn how to use advanced AI tools for video creation
- Convert your ideas into visual stories
- Improve your prompt writing, creativity, and digital skills
- Build content for your online portfolio and social media presence

■ How?

1. Pick a topic from the book (e.g., future school, dream job, AI world, storytelling, etc.).
2. Write a prompt for your video (ask ChatGPT or Rehan Task Helper GPT to help).
 - Example: “A young girl entering a futuristic school with flying robots, holograms, and nature all around, cinematic lighting”
3. Watch the tutorial <https://www.youtube.com/watch?v=99b0NltPTOA>
4. to get free access to Veo 3.
5. Go to Veo 3, paste your prompt, and generate the video.
6. Download the final video.
7. Post your video on:
 - Facebook
 - YouTube
 - Instagram
 - TikTok
 - LinkedIn
8. Use ChatGPT or Rehan Task Helper GPT to write a strong caption.
9. Tag your school, classmates, or speaker, and use hashtags like #Veo3 #AIvideo #FutureReady.

IMAGE WITH CHATGPT

WHAT, WHY, HOW

■ What?

Create a cinematic AI video using Veo 3.

Use one of the topics given in the book and generate your video with the help of AI.

You can watch a tutorial to learn how to get free access to Veo 3.

📺 Watch this first:

[How to Use Google Veo 3 for FREE – AI Video Generator Tutorial](#)

■ Why?

This task helps you:

- Learn how to use advanced AI tools for video creation
- Convert your ideas into visual stories
- Improve your prompt writing, creativity, and digital skills
- Build content for your online portfolio and social media presence

■ How?

1. Pick a topic from the book (e.g., future school, dream job, AI world, storytelling, etc.).
2. Write a prompt for your video (ask ChatGPT or Rehan Task Helper GPT to help).
 - Example: “A young girl entering a futuristic school with flying robots, holograms, and nature all around, cinematic lighting”
3. Watch the tutorial <https://www.youtube.com/watch?v=99b0NltPTOA>
4. to get free access to Veo 3.
5. Go to Veo 3, paste your prompt, and generate the video.
6. Download the final video.
7. Post your video on:
 - Facebook
 - YouTube
 - Instagram
 - TikTok
 - LinkedIn
8. Use ChatGPT or Rehan Task Helper GPT to write a strong caption.
9. Tag your school, classmates, or speaker, and use hashtags like #Veo3 #AIvideo #FutureReady.

TALK WITH CHATGPT – 15 MINS

WHAT, WHY, HOW

■ What?

Set your 3 personal goals, and then talk with ChatGPT daily for 15 minutes using the voice feature.

Ask questions about how to achieve your goals.

Record the conversation and post on your social media.

■ Why?

This task helps you:

- Think clearly about your life goals
- Learn how to take daily action toward them
- Improve your English speaking and thinking skills
- Use AI for personal growth and planning
- Build confidence by sharing your journey online

■ How?

1. Write down 3 goals (e.g., Become confident, Learn video editing, Earn money online).
2. Open ChatGPT with voice feature (mobile app or desktop with mic).
3. Start a 15-minute voice conversation daily:
 - Ask: “How can I become more confident in public speaking?”
 - Or: “Give me a daily plan to learn video editing in 30 days.”
4. Record your screen and audio during the chat via Streamyard.
 - Record and Post
5. Post your recording clip on:
 - Facebook
 - Instagram
 - YouTube
 - TikTok
 - LinkedIn
6. Ask ChatGPT or Rehan Task Helper GPT to help you write a good caption.
7. Use relevant hashtags like #DailyGoals #ChatWithAI

TWO-HOUR ONLINE CONFERENCE WITH CLASSMATES

WHAT, WHY, HOW

■ What?

Organize and host a 2-hour online conference with your classmates on Education. Each student will present or discuss something useful, inspiring, or skill-based.

■ Why?

This task helps you:

- Learn how to organize online events
- Improve public speaking and presentation skills
- Build teamwork and coordination with peers
- Share and learn new ideas in a powerful way
- Gain confidence in a professional, digital setting

■ How?

1. Choose a platform (Zoom, Google Meet, or StreamYard).
2. Create a list of classmates who will join and contribute.
3. Pick a conference theme like:
 - “Future of Education”
 - “AI and My Career”
4. Assign roles:
 - Host / Co-host
 - Speakers (5–8 students)
 - Timekeeper
5. Promote the event:
 - Make a poster (ask ChatGPT or Canva)
 - Invite others to watch (friends, family, teachers)
6. Host the live session:
 - Keep it 2 hours
 - Encourage interaction and questions
7. Record the session
8. Post the conference on:
 - Facebook
 - YouTube
 - Instagram
 - LinkedIn
 - TikTok
9. Ask ChatGPT or Rehan Task Helper GPT to write a good caption and hashtags.

ADD PRINCIPALS/TEACHERS ON LINKEDIN

WHAT, WHY, HOW

■ What?

Find and connect with at least 100 principals or teachers who were born and are based abroad – especially from USA, UK, Canada, Australia, Germany, and UAE. Use LinkedIn to grow your international learning network.

■ Why?

- To build a global professional network in education.
- To learn directly from foreign-born educators and see how teaching works in their countries.
- To gain access to international opportunities like conferences, collaborations, and new ideas.
- To position yourself as a global AI education leader.

■ How?

1. Update your LinkedIn profile with:
 - A professional photo
 - Role: Student at Rehan AI Teachers Training
 - A short About section (use ChatGPT for drafting).
2. Use LinkedIn search with country filters like USA, UK, Canada, Australia, Germany, UAE.
3. Search with keywords such as: Principal USA, Teacher UK, Educator Canada, School Leader Germany.
4. Send a personalized invite message (AI can draft for you):
5. “Hello [Name], I’m part of the Rehan AI Teachers Training program in Pakistan. I am connecting with global educators to learn from their perspectives. I’d love to connect with you.”
6. Stay active: like, comment, and share their content to strengthen connections.

WRITE A BOOK ABOUT YOUR LIFE & UPLOAD ON AMAZON

WHAT, WHY, HOW

■ What?

Write a short autobiography (book about your life) using AI tools like ChatGPT, Grok, Gemini, or Meta AI.

Design the book in Canva, then upload it to Amazon Kindle (KDP) to publish it worldwide.

■ Why?

This task helps you:

- Reflect on your life journey and personal growth
- Practice storytelling, writing, and self-expression
- Learn book formatting and design
- Publish your first book online and become an author
- Build confidence and a powerful digital identity

■ How?

1. Open ChatGPT or any AI tool and say:
2. "I want to write a book about my life. Please help me start with a preface and table of contents."
3. Use AI to write chapters about your childhood, school life, dreams, struggles, and achievements.
4. Edit and organize your content clearly (6–10 chapters).
5. Design your book in Canva:
 - Add cover page, title, your photo or creative image
 - Use good fonts and page layouts
6. Save your book as a PDF.
7. Go to <https://kdp.amazon.com>
 - Create a free account
 - Upload your PDF
 - Add book title, description, author name
 - Set price (you can also make it free)
8. Publish your book – It will go live within 72 hours.
9. Share your book link on Facebook, LinkedIn, Insta , Tiktok and Youtube and WhatsApp with a caption (ask ChatGPT to help write one).

APPLY ONLINE TO THE CONFERENCE AS A SPEAKER AND GUEST

WHAT, WHY, HOW

■ What?

Use ChatGPT or Perplexity AI to find conferences online in your interest area.

Apply to those conferences as a guest (attendee) and also as a speaker (presenter).

■ Why?

This task helps you:

- Discover real-world events and professional spaces
- Practice networking, applying, and writing bios/speech summaries
- Learn how to present yourself as a young speaker or learner
- Gain confidence and build your public profile

■ How?

1. Go to ChatGPT or Perplexity AI and search:
2. "Upcoming education or AI conferences 2025 speaker and guest apply link"
3. Pick a relevant conference from the search results.
4. On the website, register as a guest (usually free or basic form).
5. Then go to Apply as Speaker or "Call for Speakers."
6. Use ChatGPT to help write:
 - A short bio/introduction
 - A session title (e.g., "How AI Changed My Learning Journey")
 - A speech description (1-2 paragraphs)
7. Submit the speaker form.
8. If selected, prepare your talk using AI tools (slides, speech, notes).
9. Attend the event online or record your talk.
10. Post proof/screenshots on social media and ask ChatGPT for a nice caption.

MUTUAL FRIENDS ON FACEBOOK AND LINKEDIN WITH REHAN ALLAHWALA

WHAT, WHY, HOW

■ What?

Go to Facebook and LinkedIn, search for Rehan Allahwala, and check how many mutual friends or connections you share with him.

Try to increase your mutual connections by adding his contacts who are teachers, speakers, or professionals.

■ Why?

This task helps you:

- Grow your professional network
- Connect with influential people in Rehan Allahwala's circle
- Build your visibility and credibility online
- Unlock learning and career opportunities through meaningful connections

■ How?

1. Go to Facebook or LinkedIn.
2. Search "Rehan Allahwala" and open his profile.
3. Look for a section like:
 - Facebook: "mutual friends"
 - LinkedIn: "Shared connections"
4. Click on mutuals and browse through them.
5. Send connection/friend requests to:
 - Principals
 - Teachers
 - Entrepreneurs
 - AI professionals
 - Rehan School students or facilitators
6. You can also ask ChatGPT to help write a polite message

USE AI TOOLS

WHAT, WHY, HOW

■ What?

Every task you do – whether it's writing a book, making a video, designing an image, preparing a speech, or posting on social media – must include help from AI tools like:

- ChatGPT
- Grok by X (Twitter)
- Google Gemini
- Perplexity AI

You can use any of them or a combination to get better results.

■ Why?

This guideline trains you to:

- Learn how to work with modern AI tools
- Solve problems faster and smarter
- Boost productivity and creativity
- Become future-ready for jobs and learning
- Save time while producing high-quality work

■ How?

1. Start every task by asking an AI for help:

- Writing → Ask ChatGPT to generate content
- Research → Use Perplexity or Gemini
- Ideas or suggestions → Ask Grok or ChatGPT
- Designing → Ask ChatGPT for a Canva layout or image prompt
- Posting → Get AI-generated captions and hashtags
- Questions → Use voice chat in ChatGPT or Gemini mobile app

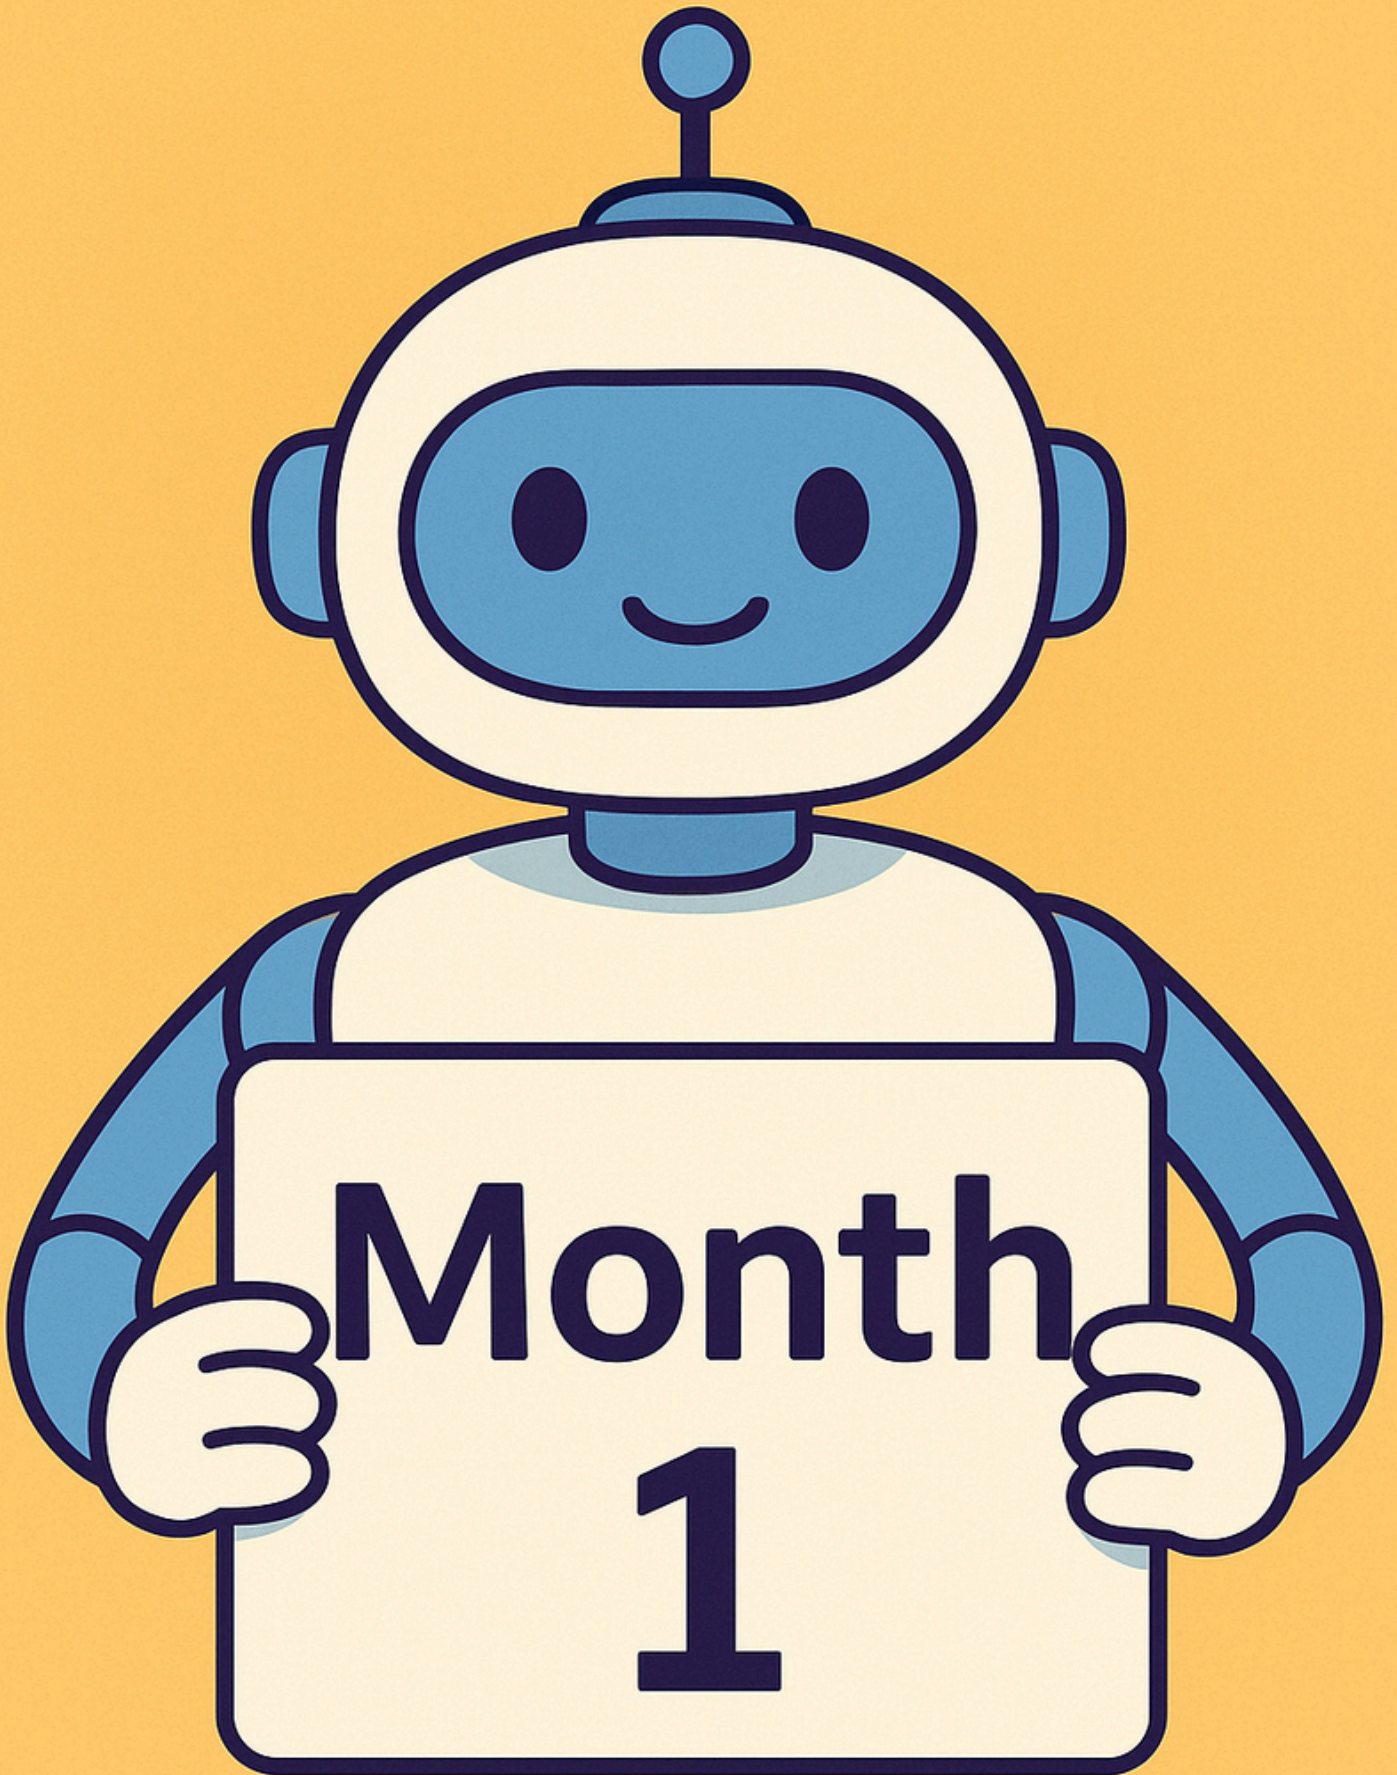

2. Record your process if needed (e.g., a screen recording or screenshots).

3. Mention the tool you used in your caption or log:

4. “I used Gemini to generate the structure, then edited it using ChatGPT.”

5. If stuck, always ask:

- “How can I do this better with AI?”
- Or just say: “Help me complete this task using AI step by step.”

CWI TASK : 01

CNN CLONE (FUNCTIONAL) (WEB-BASED)

🎯 Objective

Develop a functional news website inspired by CNN, focusing on a dynamic homepage, news categories, and an article page.

🔧 What You'll Build

- ✅ A homepage displaying featured news and breaking headlines.
- ✅ A categories section for different news topics.
- ✅ An article page for detailed news content.

📌 Steps

◆ Homepage Design:

- Create a homepage layout with:
 - A featured news section for the latest and breaking news.
 - A list of categories such as World, Sports, Technology, and Entertainment.
 - Thumbnails and short descriptions for each news article.

◆ Core Features:

- Build dynamic navigation between the homepage, categories, and article pages.
- Use dummy data or mock APIs for displaying news content.
- Implement a responsive layout for better viewing on different devices.

◆ Article Page:

- Allow users to click on a headline to view the full article.
- Display the article title, content, and related news links.

◆ Test the App:

- Verify navigation between pages works seamlessly.
- Ensure news articles and categories are displayed correctly.

📋 Checklist

- ✅ A functional homepage with news categories and featured headlines.
- ✅ Working navigation between homepage, categories, and article pages.
- ✅ Responsive design for desktops and mobile devices.

📁 GitHub Requirement

📌 Upload your CNN Clone project to GitHub with a README.md explaining the features and setup instructions.

📢 Facebook, Instagram, YouTube, LinkedIn Caption.

"Just completed my CNN Clone! Dynamic news browsing at its best. 🚀"

CONFERENCE TASK : 01

EDUCATION CONFERENCE WITH CLASSMATES (ONLINE EVENT)

🎯 Objective

Plan and organize an online educational conference with your classmates. The conference will focus on the theme of “The Future of Education”. Invite your friends, prepare topics, and host the event online.

🧠 What You'll Do

- ✓ Plan an online video conference with your class
- ✓ Choose a platform (Zoom, Google Meet, StreamYard, etc.)
- ✓ Decide the education-related topics to present
- ✓ Invite classmates and prepare an agenda
- ✓ Conduct and record/live the session

📋 Steps

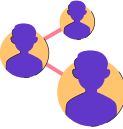

1. Create a Conference Plan
 - Title of Conference (e.g. Learning in the AI Age)
 - Date & Time
 - Platform (Zoom/Meet/StreamYard)
2. Assign Roles
 - 1 Host
 - 2-3 Presenters/Speakers
 - 1 Designer (for poster or invitation)
 - 1 Tech Support (mute/unmute, manage)
3. Prepare Invitation
 - Design an invitation poster using Canva
 - Mention theme, date, time, and platform link
 - Share on WhatsApp, email, or social media
4. Prepare Content
 - Each speaker will prepare 2–3 minutes talk
 - Topics can be:
 - • AI in Classrooms
 - • Why School Should Change
 - • Learning with Technology
 - • Student's Role in Modern Education
5. Host the Conference
 - Start on time
 - Welcome attendees
 - Let each speaker present
 - Allow questions or comments at the end
 - Take screenshots and record/live the session on Facebook , Instagram , Youtube , Tiktok anf LinkedIn.

✓ Checklist

- Conference plan completed
- Invitation shared with classmates
- All speakers prepared their topics
- Session held successfully
- Photos and Conference shared on Facebook , Instagram , Youtube , Tiktok anf LinkedIn.

DAILY TASKS

CWI TASK : 29

BLOGGER.COM CLONE (FUNCTIONAL) (WEB-BASED)

🎯 Objective

Develop a functional blogging platform inspired by Blogger.com, allowing users to create, edit, and read blog posts.

🔧 What You'll Build

- ✅ A homepage displaying recent blog posts.
- ✅ A post creation page for writing and publishing blogs.
- ✅ An individual blog post page with full content and comments.

📌 Steps

◆ Homepage Design:

- Display latest blog posts with titles, excerpts, and author names.
- Include categories like Technology, Lifestyle, Business, and Travel.
- Implement a search bar for finding blog posts.

◆ Core Features:

- Allow users to create and edit blog posts.
- Implement a rich text editor for formatting posts.
- Enable a comment section under each post.

◆ Blog Post Page:

- Users should be able to click on a post title to read the full content.
- Display author details, publish date, and related posts.
- Include a comments section where users can interact.

◆ Test the App:

- Verify post creation, editing, and deletion work properly.
- Ensure navigation between homepage, blog posts, and categories is smooth.
- Check for responsiveness on desktop and mobile devices.

📋 Checklist

- ✅ A functional homepage displaying blog posts.
- ✅ A working blog post creation and editing system.
- ✅ Responsive design for desktop and mobile.

📁 GitHub Requirement

📌 Upload your Blogger.com Clone project to GitHub with a README.md explaining the features and setup instructions.

🗣️ Facebook, Instagram, YouTube, LinkedIn Caption.

"Just completed my Blogger.com Clone! Now anyone can create and publish blogs with ease. 🚀"

BOOK TASK : 01

WRITE YOUR LIFE STORY WITH AI

🎯 Objective

Write a book about your life.

Use any AI tool (ChatGPT, Gemini, Grok, Meta) to help you write. Then design the book in Canva and publish it on Amazon Kindle.

🧠 What You'll Create

- ✓ A personal life story or autobiography
- ✓ Written with the help of any AI assistant
- ✓ Designed visually in Canva (with cover page & chapters)
- ✓ Uploaded and published on Amazon Kindle

💬 Start with this Prompt in AI Tool:

I want to write a book about my life.

Please ask me questions to help me reflect and share my story.

Based on my answers, tell me the main theme of my life (like dreams, struggle, courage, self-discovery, etc.).

Then give me a Preface and a Table of Contents with 6–8 chapters.

📖 Task Steps

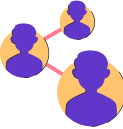

1. Talk to an AI (ChatGPT, Gemini, Grok, or Meta)
 - Use the prompt above
 - Answer the questions honestly
 - Let the AI help you find the title, focus, and outline of your book
2. Write Your Chapters
 - You can write about your childhood, school, family, dreams, problems, achievements, and your future
 - Ask AI to help with each chapter
 - Add your own emotions, memories, and thoughts
3. Design Your Book in Canva
 - Choose a book or story template
 - Add the preface, chapters, and cover design
 - Include your name and photo
4. Export and Publish
 - Download your book as PDF
 - Create a free account at kdp.amazon.com
 - Upload your book (PDF or ePub)
 - Set the title, author name, and publish
 - Share your book link on Facebook , Instagram , Youtube , Tiktok and LinkedIn

✓ Checklist

- Used an AI tool to reflect and write
- Received Preface + Table of Contents and Chapter from AI
- Completed all chapters with personal touches
- Designed the book in Canva
- Uploaded the book to Amazon Kindle
- Shared the book link On Facebook , Instagram , Youtube , Tiktok and LinkedIn.

CONCLUSION

You've just completed a powerful journey through AI Teacher Training – Book Two, where learning meets action and ideas become achievements.

Throughout these 48 days, you didn't just study—you created. You explored the world of AI, built real projects, connected with educators, wrote your life story, and used digital tools to share your voice with the world.

Each task was more than a requirement—it was a step toward becoming a confident, creative, and future-ready educator or student.

This training was designed not only to teach you skills but to ignite your leadership, awaken your curiosity, and build your digital identity. By completing this program, you've shown the world that education isn't about memorizing—it's about doing, expressing, and evolving with technology.

But this is not the end.

It's the beginning of your journey as a lifelong learner, digital creator, and AI-empowered leader. Keep using these tools, keep telling your story, and most importantly, keep teaching and learning with courage, creativity, and care.

The future of education is now—and you are ready to lead it.

AI Teacher Training – Book Two

Your 48-day challenge to become a future-ready educator.

 Learn by doing:

- Watch TEDx Talks & make review videos
- Interview principals & stream online
- Create AI videos & images
- Build websites & publish your life story
- Apply to global conferences
- Grow your LinkedIn network

 Use AI tools like ChatGPT, Gemini, Veo 3, and Canva to boost your skills, creativity, and confidence.

Learn. Create. Lead.

The future of education is in your hands.
